Idle Timeout Message

Users will receive a timeout message after 18 minutes of inactivity, if the inactivity continues, users will be logged out at 20 minutes.

No Action Taken

Currently, when no action is taken on an envelope on the main workload page, you are unable to return to that envelope once that session ends.

Help Drop-Down

A help drop-down has now been added to Review & Sign which contains 'Release Notes' and 'Report a Problem'.

Text Box

The issue impacting the display of text following a hyphen has been resolved.
